

OUR MISSION STATEMENT:

Our goal is to provide high quality landscape and snow removal services through skilled employees, safety awareness, and environmentally friendly techniques. Through our knowledge and experience, we will be able to develop professional relationships with our customers that are built on honest business principles.

ABOUT LST:

Founded in 1969, LST Landscaping Inc. has built a reputation for inspired design, thorough knowledge and unsurpassed customer service and has provided superior landscaping services to businesses and homeowners throughout the state of Maine. We work with a wide variety of customers, from single family homeowners to large corporate clients and everyone in between. We are passionate about what we do and approach every landscape project with creativity and enthusiasm. We take pride in delivering results that exceed our customer's expectations. This approach has served LST and our customers well over the years and has led to our continued growth, making LST Landscaping Inc. one of the most respected landscaping companies in the state of Maine.

HISTORY:

LST Landscaping was started in 1969 in South Portland, Maine. Ryan Wimert, the current owner of LST, started in the landscaping business at the age of 9. He formed Ryan's Yard Service as a neighborhood lawn mowing service and soon began mowing all over the town of Falmouth. Ryan's brother Rod began working with him in 1986. With the help of family and a lot of hard work and dedication Ryan's Yard Service transformed into Wimert Service Company and continued to grow. In 1994 Ryan and partner/father Randy purchased LST Landscaping and ran both companies later merging them into LST Landscaping Inc. in 1996. Today LST is still owned and operated by Ryan and Rod Wimert and we continue to give our customers the highest quality service that they have come to expect.

OUR TEAM:

You will find our staff to be professional, knowledgeable, and courteous. LST employees have a perfect safety record extending over 10 years. Our entire management team is OSHA safety trained. Every perspective employee must complete and pass safety training before ever setting foot on a customer's property. Our highly trained staff is led by LST President and Co-Owner Rod Wimert. Rod has been in the landscaping industry since 1986, all of which has been with LST. Rod is a liscensed Maine First Class Landscape Arborist. Our vice president of field operations Joey Byram Sr. has been with LST since 1998, prior to that he was in the U.S. Navy for 22 years as a Senior Chief. Joshua Phelan is our general manger and has been with LST since 2010. Prior to LST Joshua worked with a well known landscape maintenance company for many years in New Hampshire. Our operations manager Domenic Ryan has been with LST since 2009 and has been in the landscape construction industry since 1994. Ryan Russell has been with us since 1996 and is a Maine Licensed Landscape Architect and an LEED Accredited Professional. LST also employs 22 other landscape foremen, installers and landscape maintenance professionals. We are members of the Maine Landscape and Nursery Association and the Snow and Ice Management Association.

LST GREEN INITIATIVE:

LST is currently in the process of embarking on an aggressive Green Initiative. This has begun with an update of our fleet of trucks which emit 35% less emissions than their predecessors. This is achieved by a technology that shuts part of the engine off when power is not needed making them much more fuel efficient. We are also experimenting with Hybrid commercial lawn equipment which we are expecting to introduce into our fleet in near future. We currently use highly efficient commercial mowing equipment that produces a high quality cut. Our equipment uses the latest technology in grass bagging and recycling.
