

Slash your energy costs by 25-50% or more!

Summit Natural Gas of Maine is working with Efficiency Maine to help you upgrade your heating system, weatherize your home, or make other improvements to lower your energy bills.

Efficiency Maine is an independent trust dedicated to promoting the efficient and cost-effective use of energy in order to save money for Maine residents and businesses, grow the economy, and create jobs. Efficiency Maine's energy-saving programs reduce the use of electricity and heating fuels through energy efficiency improvements and the use of cost-effective alternative energy. Efficiency Maine's programs deliver Maine's lowest-cost energy resource through a combination of technical assistance, cost sharing, training, information, and quality assurance.

- **An energy audit conducted by an Efficiency Maine Residential Registered Vendor** will help you identify the areas in your home that could be leaking valuable heat and costing you extra money.
- In conjunction with the energy audit, Efficiency Maine Registered Vendors will also conduct **6 hours of draft sealing and/or insulation.**
- By converting to natural gas with Summit Natural Gas of Maine, you receive BOTH of these services absolutely **free of charge!**
- By having Efficiency Maine Registered Vendors complete the home energy audit, **you will be qualified to apply for a Home Energy Loan with a 4.99% interest rate for financing,** if you wish to replace and finance a new boiler.
- Receive up to \$25,000 with 4.99% financing and no closing fees
- Make low monthly payments
- Offset the cost of your loan through your energy savings
