Summit Natural Gas of Maine is excited to announce:

“Summit Natural Gas of Maine is coming to the Tidewater Neighborhood”

You will begin to see construction in a lot of the Cumberland, Yarmouth and Falmouth neighborhoods. Summit will be spending \$63 million dollars building an infrastructure to offer a cost saving heating fuel, Natural gas.

Increasing oil and propane cost every year, ongoing maintenance cost of oil boilers, scheduling those ever increasing deliveries

The advantages of natural gas over oil & propane are simple:

- Savings up to 50 % on each of Homes
- No expensive boiler maintenance or chimney cleanings
- No winter shoveling of the fill pipe for oil dealers to back up the truck to each and every month
- Boilers with efficiency ratings up to 95 %
- Cleaner fuel keeping Maine the pristine state we love

We now need your help if you are interested in converting your home Summit has some aggressive rebates to help:

\$ 350 rebate if you covert just the burner or swap from propane to Natural gas

\$ 1500 rebate if you need to replace a boiler.

In addition to the rebates Summit also offers an energy assessment and 12 hours of air sealing to your home at no cost to you. To help schedule our construction crews if you are interested in Natural gas for your home go to the web page and fill out the Customer Information no later than April 28th.

Summit Natural Gas of Maine can save you up to 50% of your heating cost. Summit Natural Gas of Maine is a utility regulated by the PUC which controls some of the pricing concerns you have. Give us a call at **621-8000** and we will do a fuel cost comparison for you so you can make an informed decision and get set up to start saving money today!

Sincerely,

Summit Natural Gas of Maine
